

# King County Child Care Health Consultant (CCHC) Registry

A new tool for King County child care providers

## What is the CCHC registry?

The CCHC registry is a new tool for child care providers, including family, friend, and neighbor caregivers, license-exempt programs, and providers in licensed child care programs to find and contact independent CCHCs and CCHC teams serving King County.

## What are CCHC services?

CCHC promotes the health, safety, and development of children and caregivers in child care settings through coaching and training. CCHC services include behavior consultation, nutrition consultation, infant room nurse consultation, STARS-eligible trainings, and more. Some consultation services are free and others vary depending on the service.

## How to get started

**Step 1:** Scan the QR code or visit [bit.ly/CCHCRegistry](https://bit.ly/CCHCRegistry) to explore the registry

**Step 2:** Find a CCHC or CCHC team you want to connect with and click on “Contact” to complete a contact form

*TIP: Click on + My List to contact multiple CCHCs at once*

**Step 3:** Expect a response within 3 business days

Scan the QR code or visit [bit.ly/CCHCRegistry](https://bit.ly/CCHCRegistry) to learn more and explore the registry!
